Il trattamento Hydro comporta un'intensificazione dei colori di base.
Alcuni colori possono presentare uno stingimento superiore al resto della gamma.

The Hydro treatment gives a darker shade than the basic colors.
Some colors may have a higher color release.

| Mycro Suede SL (1 layer) | | |
|--------------------------|---------------|------------|
| Thickness | Standard code | Hydro code |
| 0,6 mm | Y46 | 960 |
